

RATIONAL CURE FOR ECZEMA

No More Dosing the Stomach—Cure the Skin Through the Skin.

When you have a scratch on your hand you wash it out and cleanse it and then the skin cures itself. You do not take blood medicine to cure a festering wound.

The best skin specialists to-day are agreed that the only way to cure the skin is through the skin and that eczema is a skin disease and not a blood disease. It is evident from statistics which show that nearly all eczema sufferers are perfectly healthy in all other ways except as to their skin. If the eczema patients were really suffering from an internal malady, the entire body and not only the skin would be diseased.

You can prove immediately the relief of a skin cure by using one of the wintergreen compounds in D. D. D. Prescription.

This medicine attacks the disease germs hatching while building up the healthy tissue of the skin. We have been handling this medicine and other scientific remedies for so long and have seen its reliable result so many times that we freely express our confidence.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery one year ago the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals, the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at Tringle's and other leading drug stores, in Richmond and by order direct from the Emergency Laboratories, No. 23 West Twenty-fifth Street, New York City.

In all eczema cases poslam stops itching with first application, and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

Billey will be at home at 1903 West Main Street.

Stomach Gases and Torpid Livers

Give Way Before the Peculiar Purifying Power of Stuart's Charcoal Lozenges.

A Trim Package Sent Free.

The foul gases of the stomach and the torpid action of the liver are easy victims for charcoal to overcome. This great natural cleanser and absorbent will mercifully be relieved by a system afflicted with gaseous or sluggish tendencies.

Charcoal has long been known as a great absorbent of gas. A handful of charcoal will positively purify a room filled with foul odors and decay. Its absorbing ratio is 100 times greater than its own volume.

The ancients gave charcoal for many human ills successfully. The North American Indians used it for snake bites and for curing wild herbs and cured what they called "stomach bad medicine" with it.

Charcoal seems to be the best product for human use, and no doubt the peculiar curative property of the willow is represented in a chemical quality in its charcoal.

Stuart's Charcoal Lozenges are pure willow and sweet honey, compressed into a very palatable lozenge. Two or three lozenges eaten after meals will prevent the process of digestion from producing noxious gases. They will vivify a lazy liver and aid every organ which is most likely to be overcome through indigestion.

They cleanse the stomach and intestines, bring purity and sweetness out of fermentation and decay and aid digestion by allaying gas. They will aid you and your stomach. The beneficial effects are made evident after only a small amount of charcoal as Stuart prepares it. To allay gas at night they are excellent and one arises in the morning feeling fresh and vigorous.

Let your breath which restores your appetite and renders one miserable. All druggists sell Stuart's Charcoal Lozenges, price 25c, or send us your name and address and we will send you a trial package by mail free. Address: A. A. Stuart Co., 200 Stuart Bldg., Marshall, Mich.
